Swissôtel Chicago • Chicago, IL

Jointly provided by the American Society of
Anesthesiologists (ASA) and Society of Academic
Anesthesiology Associations (SAAA).

American Society of
Anesthesiologists®

Program Information

Target Audience

This meeting is designed for anesthesiologists in Chair, Core Program and Subspecialty Program Director positions. Members may invite physician and non-physician guests for whom separate registration rates are available. The program is designed to present and discuss areas of topical interest to attendees in keeping with our collective attempt to improve academic department's structure, function and the educational programs associated with academic learning.

About This Meeting

Topics for this meeting were selected by various methods. Suggestions for topics were derived from evaluations of the 2015 and other previous Annual Meetings, Council members, the membership at large and reviews of the published literature with the highest impact on the anesthesia specialty. These suggestions were discussed by our authorities in the field of anesthesia education or previous meetings.

The purpose of this Annual Meeting is to educate and share information that will enable academic anesthesiology departments to improve management and care.

This Meeting Will Provide:

- Institutional resources to support the educational, research and clinical missions essential to the day to day management of a successful academic anesthesiology department.
- Solutions to challenges in educating the next generation of trainees on issues of interpersonal communication skills, professionalism and systems-based practice.
- Ideas to design new modalities to incentivize their faculty to become best performers in fulfilling the educational and/or research missions of a successful anesthesiology department.

Registration

The registration fee for the SAAA 2016 Annual Meeting includes the course syllabus, all educational presentations, continental breakfasts, coffee breaks and Friday reception. There is a separate fee for lunches. Registrations that are either faxed, mailed, or made via the Web site to the SAAA office must be received by October 11, 2016. After October 11, 2016, late registration fees will be

applied. Your registration fee is separate from the departmental dues that must be paid each year. Please include your ASA membership number with your registration to claim CME credits.

ACCME Accreditation and Designation Statements

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Anesthesiologists and the Society of Academic Anesthesiology Associations. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of *14.5 AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Commercial Support Acknowledgement

The CME activity is not supported by any educational grants.

Disclaimer

The information provided at this CME activity is for continuing medical education purposes only and is not meant to substitute for the independent medical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

Disclosure Policy

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the American Society of Anesthesiologists to recognize situations that may be subject

to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

Special Needs

The Society of Academic Anesthesiology Associations fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any attendee in this educational activity is in need of accommodations, please contact the SAAA at (414) 389-8619.

Cancellation Policy

Cancellation of a meeting registration must be submitted in writing and will be accepted up until October 11, 2016. Your refund, less a \$100 administrative fee will be sent after the conclusion of the meeting. Refunds will be determined by date written cancellation is received at the SAAA office in Milwaukee, Wisconsin.

Overall Learning Objectives

At the conclusion of this activity, participants should be able to:

- Analyze future trends in anesthesiology manpower and training.
- Identify ways to encourage and promote diversity at their institution.
- Evaluate educational tools and methods available in training anesthesiology residents at their institution.

Faculty Disclosures

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the American Society of Anesthesiologists to eliminate all situations of potential conflict of interest, but rather to enable

those who are working with the American Society of Anesthesiologists to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The American Society of Anesthesiologists educational standards pertaining to conflict of interest are intended

to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all American Society of Anesthesiologists CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.
